Wyoming PSC No. 9
1st Revised Sheet No. 10
Replaces Original Sheet No. 10

STATE OF WYOMING

SCHEDULE GP - GREEN POWER

AVAILABILITY: Available to consumers in towns, villages, and farming areas subject to the established rules and regulations of the Association. To consumers who agree to purchase green power or renewable resource generated power.

APPLICATION: The Green (renewable) power option is available to all residential and small general service customers taking service under the following rate schedules:

Schedule SGS – Small General Service Single-Phase

MONTHLY RATE: Small General Service Customers choosing to participate in this rate will pay the SGS rate plus an additional premium per kWh for 100 percent, 50 percent, or 25 percent of their monthly energy usage. Said premium will be in addition to all charges applicable under Schedule SGS. See Rates Summary Sheet.

SEASONAL WHOLESALE PEAK ENERGY CHARGE: From June through September, a pass-through adder from the wholesale energy provider will be implemented on top of the energy charge. If the wholesale provider's winter peak demand for a calendar month from December through February surpasses the prior summer's peak demand, an adder will also be implemented in December through February the following year. See Rates Summary Sheet.

SPECIAL PROVISIONS: Consumers will select which percentage of the energy usage (100, 50, or 25) they wish to purchase under this schedule. Said selection will extend for a period of one year.

RULES: Service hereunder shall be subject to the Rules and Regulations of the Association, as filed with the Wyoming Public Service Commission.
