SCHEDULE SGS H - SMALL GENERAL SERVICE HEATING INCENTIVE RATE

AVAILABILITY: Available to consumers in towns, villages, and farming areas with permanent electric space heating and/cooling systems.

APPLICATION: This schedule is for single-phase or three-phase, 60 cycle alternating current electric service supplied at 400 amps or less, 240 volts or less, used exclusively for electric space heating and/or cooling as measured by a separate meter.

MONTHLY RATE:

If Heating and Cooling Usage is Separately Metered: See Rates Summary Sheet

If Heating and Cooling Usage is Not Separately Metered: See Schedule SGS - Small General Service Single-Phase on the Rates Summary Sheet

MINIMUM CHARGE: The monthly minimum charge shall be the facility charge.

METERING: The separately metered energy qualifying for the incentive rate must be wired such that only the energy used by the electric heating and/or cooling system is measured. The Association reserves the right to inspect the wiring to ensure that no other usage is metered by the electric heating/cooling meter. If the heating/cooling meter is a sub meter, this usage will be subtracted from the master meter to determine the amount of Other Metered Energy per Month

SEASONAL WHOLESALE PEAK ENERGY CHARGE: From June through September, a pass-through adder from the wholesale energy provider will be implemented on top of the energy charge. If the wholesale provider's winter peak demand for a calendar month from December through February surpasses the prior summer's peak demand, an adder will also be implemented in December through February the following year. See Rates Summary Sheet.

RULES AND REGULATIONS: Service hereunder is for the exclusive use of the consumer and shall not be resold or shared with others. Rate subject to the Rules and Regulations of Association, as filed with the Wyoming Public Service Commission.

SPECIAL PROVISIONS: If a consumer disconnects for part of the year with the intention of reconnecting service at the same location within the next twelve months, the customer will be required to pay the monthly facility charge for all twelve months of the year.
